Dear students,

Do you eat all your meals every day?

There are over 800 million hungry people in the world, and the number is growing.

Why is the number growing? Climate change is one of the keys for the hunger problem. In some places, there is too much rain, and the crops can't grow in a good way. In other places, it is too dry, and plants can't have enough water.

In these places, many kids are very hungry and can't go to school, and they are even stunted. These kids don't have enough or the right food, so they can't grow up well. This is a serious problem. Let's do something to help those kids.

How can you show your love to those kids? You can join "Help Hunger!" this Saturday. Talk about this event with your family. Please be with us.

*Your Teacher,  
Steven Lin*

*crop* 農作物 *way* 方式 *other* 其他的 *plant* 植物  
*so* 所以 *well* 好地 *serious* 嚴重的

9. What is stunted?  
(A) Kids can eat much delicious food.  
(B) Kids go to school once in a blue moon.  
(C) Kids throw away lots of food, so they are not healthy.  
(D) Kids don't have enough food, so they can't grow well.
10. What can we know from the letter?  
(A) Students can't help the hungry people.  
(B) Teacher Steven invites his students to an event this Saturday.  
(C) There are only 800 million hungry people in the world.  
(D) Hunger isn't a big problem in the world.
