I had a horrendous experience last weekend. That day, my family went camping in the mountains in Maoli. The air there was fresh. We enjoyed the short break very much. Suddenly, a dirty man showed up. My brother and I were playing by the lake then. The man's face was half covered with his hair. He walked to us and asked for some water and food.

When I gave him water, his bag dropped down, and things inside fell out on the ground. I saw a rope, a knife, and a pair of gloves. The strange thing was that there were also a woman's shoes and clothes. I was very sure they were not his. The man put all his things back in the bag quickly. At that moment, the picture of a man came to my mind. He was the bad guy. The police were looking for him for a long time. I was so scared that I couldn't move at all.

Luckily, before he was closer to us, Mom shouted from far away, and the man hurried off into the dark.
