Wind On The Hill
by A. A. Milne

No one can tell me,
Nobody knows,
Where the wind comes from,
Where the wind goes.

It's flying from somewhere
As fast as it can,
I couldn't keep up with it,
Not if I ran.

But if I stopped holding
The string of my kite,
It would blow with the wind
For a day and a night.

And then when I found it,
Wherever it blew,
I should know that the wind
Had been going there too.

So then I could tell them
Where the wind goes...
But where the wind comes from
Nobody knows.

Meet Daisy: The AI Granny

Not everyone online is kind. Some people on the Internet pretend to be nice, but they are actually **scammers**. Scammers often trick or cheat people out of their money and personal information, especially old people. But now, Daisy can help us fight back!

Daisy (that's "dAIsy") is not a real grandmother, but a smart computer program. She was created by *Virgin Media O2*, a phone company in the UK. She talks to scammers on the phone, wasting their time so they cannot trick people. Daisy sounds like a kind old lady. She tells funny stories, talks about her

lovely pet cat, and never gives the scammers the real information. Because Daisy is an AI, she doesn't get tired. She can stay on the phone for hours, making scammers frustrated. One scammer was surprised and said, "It has been an hour!" Daisy answered sweetly, "Oh, time flies!"

According to the company, Granny Daisy has already wasted "hundreds and hundreds of hours" of scammers' time. Maybe one day in the very near future, we may see more AI friends like Daisy. They can make our lives easier and safer.
