Dear DJ Alex,

My name is Tina, and I would like to request a song for my best friend, Mary. The song I would like you to play is "Friends are Friends Forever" by Michael W. Smith. Tomorrow is my friend's birthday, and I am taking her out to dinner at a nice restaurant. She will go home right after because she has to study for an important exam. I know she always listens to your show when she studies, so I hope she will hear this song tomorrow night. This is a special song for both of us. When we were both new to our school, we met and became best friends because we had the same interests. On her birthday, I want her to know that no matter what happens, I will always be there for her.

Sincerely,  
Tina

Most of us have goals, but often they are empty dreams. With just a little planning, you can make the dreams come true.

First, make your goal clear. For example, don't just say you want to have a stronger body. Instead, say "I want to go jogging for an hour every day." Once you set your goal, put it in writing. Writing makes your thoughts stronger and gives more power to make your dreams come true.

Next, set a **deadline**. Not having a deadline is like running a race without knowing where the finish line is.

Finally, take action. Thinking is useful, but it won't produce results. "A journey of a thousand miles begins with a single step." Know what you need to do and then do it.
